

## Title: *Eostre's Gift – The First Easter Bunny*

### Story:

A long time ago, spring was cold. Birds couldn't fly, and flowers didn't grow. The spring goddess, **Eostre**, was sad. One day, she saw a little bird. The bird was trying to fly, but its wings were frozen.

Eostre wanted to help. She said,  
"Little bird, you need a warm body. I will change you."

She used her powers and turned the bird into a **hare** (a wild bunny). Now, the bunny could jump and run fast!

But the bunny still had bird powers. It could lay beautiful, colorful eggs.

"Go," Eostre said. "Bring joy to the world."

Now, every spring, the bunny is hiding eggs for children. He is running in the grass. Children are looking for eggs. The Easter Bunny is bringing smiles. 😊
